Networld Freight Logistics & Precious Mineral Brokers has growing reputation as a Provider of total solutions for logistics needs. The clearing and forwarding industry in addition to transportation and logistics are ever changing and becoming even more sophisticated. Players of these industries have to constantly innovate and upgrade their operating methods to serve their clients more efficiently and cost effectively. "To continue to earn a reputation of integrity, service and diversity that is unmatched in our industry, The Dependable Difference. In order to achieve these lofty objectives, we must hire and retain only the most qualified and dedicated individuals who share The Company's vision." Our status as a diversified, premiere third party logistics provider is dependent upon our ability to provide only the highest level of service to our customers, maintain a necessary profit margin, and to recognize opportunities and react to changing market conditions well ahead of our competition. I am extremely proud of our staff and what they have accomplished. Feel free to get in touch with us to serve you.

Message From CEO

Bryan P. Sikalubya

We serve the needs of the people and are proud to be part of building a better world

OUR SERVICES

Networld Logistics

Air Freight

Networld Logistics Services handles all shipments with care and according to the requirements of the customers . Our global network of strategic long time partners allows us to offer competitive rates and best services for all the air freight shipments. Our teams operating worldwide are committed to guarantee that your shipments reach their destination, promptly, safely and most economically.if you are weighed by time constraints then there is no option other than sending your items by air freight. When you are in hurry to send air freight entrust your job to Networld Logistics. With years of experience and well connected networks we will be able to meet your deadlines leaving you with the freedom to dedicate your valuable time for other important matters. We offer tailor made services to suit the needs of each customer with the best prized solutions. Founding principle of Networld Logistics is to provide world–class services with a personal attention. We offer fast, safe and reliable service to almost all destinations globally.

Sea / Ocean Freight

Networld Logistics offers a single-source solution to the complexities of ocean freight, giving you the freedom to use your energy where you need it most. Networld Logistics with it s well renowned business partners are uniquely positioned to synchronize the supply chain needs end to end at all levels. Our flexible range of ocean services meets the needs of any customer. We provide wide range of comprehensive sea freight services. With the strong presence in all major shipping routes around the world, we offer efficient, cost effective and sustainable sea freight solutions customized to the needs of our customers. Our accumulated experience and friendly service further ensures seamless and well integrated delivery solutions.

Land Freight

Networld Logistics offers Land freight is imperatively important for countries with vast territories. Networld Logistics Logistics offers in-depth expertise in these remote locations and handles land freight shipments with ease and know-how. Networld Logistics is able to arrange transportation by rail from any place of origin in Africa, Europe, China through the border stations where cargo is reloaded from Africa & European railcars to FSU railcars, as well as shipments in FSU railcars through the Baltic or Black Sea ports through to any destination. Networld Logistics in-house engineers are experts in developing lashing and securing designs for HL and OOG cargo on specialized railway land freight.

Project Logistics

Networld Logistics offering a very professional project cargo handling service to facilitate our customers. To fulfil our commitment to our clients we accurately execute the plans to create and implement effective solutions. The project Cargo Handling and Heavy Lift requires integrated project logistics management. Central Freight Logistics can provide specialized cargo transportation services to shippers with heavy and over dimensional equipment. In dealing with the Project Execution, our team of professionals has the needed experience and capabilities in handling heavy lift, oversized break bulk shipments or other logistical challenges which may occur.

Buyers Consolidation

The basic Buyer's consolidation service allows manufacturing companies, end destination buyers, and retailers to bundle products purchased from various vendors in a particular country or region, into one shipment/multiple shipments; loaded into one/multiple containers at the port of loading and hence reducing freight cost and delivery charges at destination.

Custom Clearance

Networld Logistics are a leading Customs Clearing Agent offering wide variety of services in order to help the clients for Import and Export Customs Clearances. With updated Customs regulations and procedures, we handle clearance of consignments by Sea, Air and Land more efficiently. We start working on your order before shipment, preparing documentation and licenses in order to reduce the lead time. We can clear all types of shipments, major or minor, for/from across the globe to the utmost satisfaction of clients due to our long years of expertise and wide exposure in this field.

Warehousing

Warehousing and distribution is a key component of the integrated logistics and shipping system for companies seeking a cost effective method of distributing their range of products. Our group and associate companies operate their own container freight stations for cargo consolidation, packing and shipping. At these locations there is available advanced warehousing and distribution hubs for both corporate and general clients, delivery services ranging from receiving, inventory control and the ability to pick and pack a variety of commodities for direct delivery to customer's doorstep. We operate from purpose built dedicated warehouses, with high end warehousing facilities, employing skilled and trained warehousing teams to manage and act as a Networld Logistics consultants.

Road Transportation

Networld Logistics expedited trucking provides a daily door to door road haulage service throughout South Africa,zambia covers almost all Africa hauling general cargo from one metric tonne up to thirty six tonne loads, consisting of palletised goods, machinery, drums and industrial equipment etc, to and from all main center hub and spoke warehouses and being forwarded from there to all outlying towns using all routes. Bulk cargo freight consignments FTL (Full Truck Loads) are collected using Taut-liners (curtain truck), Tri-axle and Superlink articulated trailers and truck tractor vehicle combinations, which are dispatched daily to and from all major towns with delivery effected directly to the consignee, thereby avoiding multiple handling in the hub and spoke warehouse consolidation system.

LCL Consolidation & FCL

When the search is aimed at world class Freight Forwarding Services, then there are very few alternatives available. Central Freight Logistics provides both types of Freight Forwarding Services; Air Freight Forwarding and Ocean Freight Forwarding. The terms like unique and impressive appear out to be most appropriate, if one starts looking for the words to describe the quality of service offered by us. Our endeavour is to maximize its customer's delight by providing optimum quality services within the stipulated time and at an economical cost. The quality of service offered by us is simply unmatched and cost effective as well. "Efficiency with Promptness" is the only phrase which can create right perception of the quality of services provided by us. So feel free to come and join us for efficient and very effective freight forwarding services provided by us.

International Freight and Forwarding

Through our worldwide network, have convenient regional container freight stations (CFS) located globally, providing service availability for less than container loads (LCL) and consolidation services, either by sailing, weekly, every other week or in accordance with your requirements. We facilitate communications and monitoring of your shipments with your vendors, shippers, trading networks and buying offices and perform consolidation services according to your specific instructions. We provide booking status, loading reports and arrival notification for all shipments to ensure that LCL cargo location is known every step of the way.
